FEC

Thank you for your letter reminding me that I should have sent a report for the first quarter. From the email I received from you, I understood that if we didn't have anything to report, that a report wasn't necessary.

Our contributions are for rent and expenses to maintain our Democrats In Action office. We didn't have any activity from it this quarter, but we had to pay the rent. The new owners asked us to move to another office space, so we incurred expenses, including computer restoration.

The only political activity we had was a contribution to one of our members who is running for Fresno City Council (\$2000.00)

I'll try to remember to make quarterly reports, but I must say, your forms are very difficult to master!

Sincerely,

Helen B. Wilson
